

The interpretation aid does not replace the Ordinance text and has no legal effect. It is constantly being updated. All information without guarantee.

Definition of stricter mask requirement\*: Medical face mask (surgical mask), a mask of standards KN95/N95 or FFP2 or a comparable standard.

Definition of limitation on persons\*\*: Facilities with a sales or visitor area of up to 800 sqm one person per 10 sqm sales or visitor area. With a sales or visitor area between 801 sqm and 2,000 sqm in total, one person per 10 sqm of sales or visitor area on an area of 800 sqm and one person per 20 sqm of sales or visitor area on the area exceeding 800 sqm. On a sales or visitor space exceeding 2,001 sqm - on an area of 800 sqm not more than one person per 10 sqm of sales or visitor space, on the area exceeding 800 sqm up to an area of 2,000 not more than one person per 20 sqm of sales or visitor space and on the area exceeding 2,000 sqm not more than one person per 40 sqm of sales or visitor space.

Definition of compulsory testing\*\*\*: The intended test for the presence of the SARS CoV-2 corona virus must be conducted either using a PoC antigen test by trained personnel (rapid test) or using a PoC antigen test for self-administration (self-test) (compulsory testing). The rapid test must have been taken within the last 24 hours before entering the facility. The self-test must be carried out by the visitor directly on site in the presence of a person appointed by the owner of the facility before he or she enters the facility. The owner shall issue a certificate of the result and time of the self-test upon request, and this may be used for 24 hours in other facilities.

Definition of emergency brake\*\*\*\*: In deviation from the regulations of the 18th Corona Control Ordinance, general orders with stricter regulations will be issued by the municipalities depending on the respective regional incidence values. In districts and towns in which the number of new infections in relation to 100,000 inhabitants is between 50 and 100 within seven days (7-day incidence) for 3 days in a row, this concerns the areas of retail, sports and the rehearsal operations of popular and amateur culture; in districts and towns in which the 7-day incidence has exceeded the value of 100 for 3 days in a row it also concerns contact restrictions in public space, outdoor gastronomy, body-related services, zoological gardens, animal parks, botanical gardens and similar facilities, as well as museums, exhibitions, memorials and similar facilities.

## Corona rules in spring - what is allowed and what is not?
